The Eighty-Fifth Epistle of John – “Willing to Get Wet” 2-1-26

As a general but unwritten rule, the first pastor’s pen of the new year is one that should be filled with the hopes and aspirations and opportunities that come with all new things – exploring potential, seeking out better things for life, (trying out those Christmas gifts we just received!), drawing upon the well of endless possibilities Jesus came to reveal to us as we awaken more and more to God’s reality in the world.....but most years don’t start like this, do they?

I will refrain from echoing the multiple instances of injustice and suffering inflicted upon the many by a powerful few, but we all know things are shockingly bad in our country and our world. Pollyanna would counsel that we simply keep looking on the bright side of things; Annie promises that “the sun will come out tomorrow;” Bobby McFerrin encourages us to “not worry; be happy” – which is all well and good (and I would argue necessary!), but such encouragement alone fails to help much in actually dealing with the challenges before us; in fact, if such sentiments become fixations, they Encourage things that never help, such as withdrawal or indifference or apathy towards all the wrongs we face. “It’s someone else’s problem” we think – until it begins to affect us personally; “the system will rebalance itself” we think – until we notice the national tilt has hit and bypassed the old rebalancing structures; “It couldn’t happen here” we think– until it happens here. The horrors of today are not the kinds of things to dissolve in the face of cheerful thinking. Such thinking is essential, but not nearly enough to empower real hope. No, hope, when it is real – such as when it is desperately needed – is a life-directing thing, an orientation not only of thought and heart but life and activity; what we personally invest ourselves in, gives shape and grounding to our hopes for the future and helps those hopes to materialize. There’s an old proverb that says “you can’t really learn to swim until you’re willing to get wet.” Immersion in the troubles of the world provides the only real hope of understanding those problems, and understanding those problems is essential to their remediation.

It is helpful to realize that such immersion is a way to grasp the whole reason for Jesus and his physical, contextual, historical presence in our world; God immersed Godself into this big, hot mess we call humanity. He did so in order to work a two-way understanding between God and ourselves – the understanding of God’s relatability to our human frailties and brokenness, and our understanding of the healing, redemptive, renewing offer of grace offered to deal with that frailty and brokenness. The two understandings are meant to mesh together, resulting in the elusive harmony that is found only through faith, a turning of the self toward the Other, knowing the Other is already turned towards us.

I would put it to you that this worrisome year before us is best approached by a willingness to immerse ourselves in whatever challenges arise, for us personally or any who find their lives compromised by injustice, oppression, violence, exclusion, or any of the many ways we humans have chosen to treat each other inhumanly. The constancy of our calling as people who follow God's son – not just proclaim the name of Jesus, mind you, but follow the principles of His life amongst us – is more than up to the task at hand. For when we follow Jesus, when we take on God's will as our own priority, the power to endure does not depend on us alone.

**LOOKING AHEAD – MARCH 18 – All church potluck** following church service in the Fellowship Hall. An Irish theme? Come and find out! So, mark your calendars!

Good food! Great conversation! Money! They're all on the agenda after church on Sunday, Feb. 22, when First Church's Green Team joins Missoula's Families for a Livable Climate for a presentation on "green investing."

Mike Wood and Keith Fichtner will introduce the topic while we eat lunch, then will open the floor to your questions. What is green investing? What's my first step? Will this cost me money or make me money? We know you have dozens of great questions for our presenters!

Mike is leading a green investment campaign for Families for a Livable Climate and is using our congregation for a trial run of a longer, more detailed workshop he and Keith hope to present for the larger Missoula community in March or April.

Keith is a financial adviser for Edward Jones in Missoula, and a graduate of the University of Montana. He works with retirement accounts, stocks and bonds, and the financial world every day, so gives our program a dose of real-world know-how.

Sustainable investing allows each of us to support companies and projects that make a positive impact on the environment and society, ensuring our investments contribute to a better world. It aligns our money with our values.

There are, of course, many different ways to achieve this goal – and that’s where Mike and Keith can help us during their Feb. 22 presentation. How can folks in Missoula, Montana, ensure that their investments go to eco-friendly corporations or projects that match their core values? How can we spot “green” trickery?

By directing capital toward responsible businesses, sustainable investing helps promote better corporate practices and funds critical projects that support the planet's future health and social welfare.

Watch the Green Notes column in each Sunday's announcements between now and then – we'll have additional information on sustainable investing, what it means, and how it happens. And check out our bulletin board just outside the sanctuary for even more details!

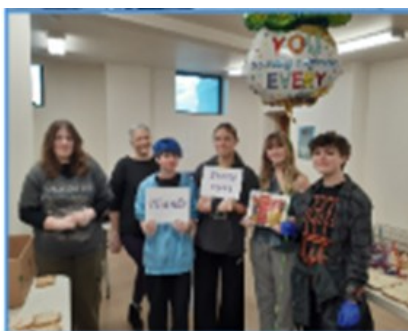

Reflect on what matters most to you – whether it's environmental sustainability, social justice or ethical governance – and how these values align with your financial goals. This will help guide your investment decisions.

Then bring a casserole, salad, vegetable or dessert to church on Feb. 22 and join us downstairs in Fellowship Hall for lunch and this great program. Oh, and bring your questions and comments for Mike and Keith. They'll be ready with answers!

Are you interested in helping to make Sack Lunches for the Poverello Center?

We meet every Saturday morning at 9 am to assemble 200 lunches. These are then picked up by the Hot Team to distribute to houseless individuals wherever they find them during the week. We would love to have you be a part of our team. It's lots of fun.

Perhaps you would love to support the Sack Lunches Ministry but are unable to physically make sack lunches for one reason or another. If you'd like, you can donate to "Pov Sack Lunches" by giving a donation to 1<sup>st</sup> UMC through Breeze or a check on which you have noted "Pov Sack Lunches". As another option, the Pov has suffered from the cutbacks put in place by this administration, making it more and more difficult for them to come up with enough ingredients each week for us to make the full 200 sack lunches. We have some volunteers who generously contribute things like loaves of sandwich bread, or fruit, etc. should we find ourselves short on Fridays when we pick up ingredients from the Pov. If you would like to be put on a list of people who could be available to be notified on Friday afternoons/evenings to pick up items we are short on, like bread, please contact me at [madamecarlson@gmail.com](mailto:madamecarlson@gmail.com). Also, if you have any other questions, please email me. It will be helpful if you identify yourself and your inquiry in the title so I don't inadvertently delete you. Please contact Lorraine Carlson at [madamecarlson@gmail.com](mailto:madamecarlson@gmail.com) and I will add you to our Signup Genius. When you receive an email from Signup Genius, please don't delete it.
