Look at This! First UMC Website Redesigned

Many thanks to Grant Lane and Jason Triche for redesigning our First United Methodist website. The new site is much easier to update with stories and photos about our church's many events and projects. Take a look for yourself at firstumcmissoula.org.

While you're on the site, look under the Connect button for the <u>Green Team's page</u>. Team members have been busy updating the page with their <u>weekly Green Notes</u>, as well as letters they've written to <u>City Council members</u>, congressmen and the governor. You'll also find copies of <u>grant applications they've submitted</u> and correspondence they've received.

Stay up to date about First Church goings-on! Check out our revamped website today!
