Green Notes

Green Team Hosts Feb. 22 Potluck on Green Investing

Good food! Great conversation! Money! They're all on the agenda after church on Sunday, Feb. 22, when First Church's Green Team joins Missoula's Families for a Livable Climate for a presentation on "green investing."

Mike Wood and Keith Fichtner will introduce the topic while we eat lunch, then will open the floor to your questions. What is green investing? What's my first step? Will this cost me money or make me money? We know you have dozens of great questions for our presenters!

Mike is leading a green investment campaign for Families for a Livable Climate and is using our congregation for a trial run of a longer, more detailed workshop he and Keith hope to present for the larger Missoula community in March or April.

Keith is a financial adviser for Edward Jones in Missoula, and a graduate of the University of Montana. He works with retirement accounts, stocks and bonds, and the financial world every day, so he gives our program a dose of real-world know-how.

Sustainable investing allows each of us to support companies and projects that make a positive impact on the environment and society, ensuring our investments contribute to a better world. It aligns our money with our values.

There are, of course, many different ways to achieve this goal – and that's where Mike and Keith can help us during their Feb. 22 presentation. How can folks in Missoula, Montana, ensure that their investments go to eco-friendly corporations or projects that match their core values? How can we spot "green" trickery?

By directing capital toward responsible businesses, sustainable investing helps promote better corporate practices and funds critical projects that support the planet's future health and social welfare.

Watch the Green Notes column in each Sunday's announcements between now and then – we'll have additional information on sustainable investing, what it means, and how it happens. And check out our bulletin board just outside the sanctuary for even more details!

Reflect on what matters most to you – whether it's environmental sustainability, social justice or ethical governance – and how these values align with your financial goals. This will help guide your investment decisions.

Then bring a casserole, salad, vegetable or dessert to church on Feb. 22 and join us downstairs in Fellowship Hall for lunch and this great program. Oh, and bring your questions and comments for Mike and Keith. They'll be ready with answers!

Thanks to Steve Egli from Green Team!

Have you seen the new Green Team bulletin board just outside the north sanctuary door? We want to thank First Church trustee chairman Steve Egli for locating the bulletin board in a downstairs storeroom and installing it on the wall. We are very appreciative!

You'll be seeing new information on the board each Sunday, so be sure to stop for a second and learn about upcoming events or more about how we can help protect the planet. Let's make 2026 a year of education and action!
